In her new collection of essays, *Dialogues with Rising Tides*, Kelli Russell Agodon explores the intersection of personal and environmental change. Agodon's essays are beautifully written and thought-provoking, and they offer a unique perspective on the challenges we face in the face of climate change.

Agodon begins the book by reflecting on her own experiences with climate change. She writes about the rising sea levels that threaten her home in Washington state, and she describes the changes she has witnessed in the natural world around her. These experiences have led Agodon to a deep understanding of the interconnectedness of all things, and she believes that we must all work together to address the challenges of climate change.

In addition to her personal experiences, Agodon also draws on the work of other writers and thinkers who have explored the relationship between humans and the environment. She cites the work of Rachel Carson, Aldo

Leopold, and Wendell Berry, among others, and she uses their insights to help her understand the complex challenges we face.

Agodon's essays are not all doom and gloom. She also finds hope and inspiration in the work of activists and artists who are working to create a more sustainable future. She writes about the power of community, the importance of storytelling, and the resilience of the human spirit.

*Dialogues with Rising Tides* is a powerful and moving book that will challenge you to think deeply about the challenges we face in the face of climate change. Agodon's essays are beautifully written and thought-provoking, and they offer a unique perspective on the importance of personal and environmental change.
