

Early Decodable Simple Words and Early Decodable Books: A Guide for Parents and Teachers

Early decodable simple words are words that are made up of only the most common letter-sound relationships. These words are easy for children to decode, or sound out, because they follow regular phonics rules. Some examples of early decodable simple words include:

- cat
- dog
- hat
- pig
- run

Early decodable simple words are important because they help children to develop phonemic awareness and phonics skills. Phonemic awareness is the ability to hear and manipulate individual sounds in words. Phonics is the understanding of how letters and sounds are related. These skills are essential for learning to read and spell.

There are many ways to use early decodable simple words to help your child learn to read. Here are a few ideas:
